Carolina Costa
Web Technologies and Systems student

TABLE OF CONTENTS

Hi! I'm **Carolina**, a 20-year-old student currently studying TSIW at ESMAD, a course that blends **programming** and **design**. I'm looking for an internship where I can take on new **challenges** and **grow** personally and professionally.

This opportunity will be my **first** real-world **experience** in programming, helping me find out what I truly **enjoy**. My goal is to use my programming skills to create **meaningful projects** that can make a **positive impact** and **help people**.

Experience

2024–today   Midiacode

- Web design of new features
- Developing documentation

Education

2022–today   Degree in Web Technologies and Systems   Escola Superior de Media Artes e Design

2019–2022   12th year   Escola Secundária Garcia de Orta

Back-end

(NodeJS) (Express) (mongoose)

Front-end

(HTML) (CSS) (JavaScript) (TypeScript)
(React) (React Native) (Vue)

Database

(MySQL) (Postman) (GraphQL)

Testing

(Jest) (Postman) (Selenium)

UX/UI

(Figma) (After effects) (Illustrator)
(Photoshop)

Agile

(Scrum) (Kanban)

Artificial Intelligence

(Jupyter (Python))

Soft Skills

- Teamwork

- Empathy

- Communication

- Organization

Languages

Portuguese

English

Spanish

MNUSE

1st year 2nd semester
Course: Project I
Grade: 16/20
Tech Stack: HTML, CSS, JavaScript, Figma, Illustrator, Bootstrap, After Effects.
Role: Project Manager & Developer
Timestamp: Spring 2023

Mnuse is an educational Escape Room that addresses topics such as psychology, trauma and mental health, with the aim of educating players on issues such as dissociative amnesia, bullying and drunk-driving.

Project code

GYMNART

2nd year 1st semester
**Course:** Web Programming I
Grade: 18/20
Tech Stack: Figma, Illustrator, Vue.js, Pinia, Vuetify, Notion.
Role: Project Manager & Developer
Timestamp: Winter 2023

GYMNART is a gymnastics dashboard for the Olympic Games in Paris 2024 that shows the places and points of the athletes in real time!

Project code

GYMNART

Master the Moves:
Your Gymnastics Dashboard awaits!

Find out more about the scores, medals, movements and statistics of your favourites athletes and teams.

Create account

rent+

2nd year 2nd semester
Course: Project II
Grade: 17/20
Tech Stack: Express.js, MySQL, Node.js, Sequelize, Vue.js, Vuetify, TailwindCSS, Figma, Notion.
**Role:** Project Manager & Developer
Timestamp: Spring 2024

Rent+ is a house rental platform, focusing on the efficiency of the database and back-end operations. The platform allows property owners to add and manage properties, while users can search, book and pay for accommodations.

Project Front-end
Project Back-end

Smart wine

2nd year 2nd semester
**Course:** Artificial Intelligence
Grade: 18/20
Tech Stack: Python, HTML, CSS.
Role: Project Manager & Developer
Timestamp: Spring 2024

Smart Wine is a project combining enology with machine learning using a wine dataset. It features a classification model to predict wine type (white or red) and a regression model to estimate wine quality based on chemical properties.

Project code

TUDU

3rd year 1st semester
Course: Mobile and Ubiquitous Computing
Grade: 19/20
Tech Stack: Figma, Illustrator, React Native, Expo, TypeScript, Zustand, Notion, MongoDB, mongoose, Postman, JavaScript, After Effects.
Role: Project Manager & Developer
Timestamp: Winter 2024

TUDU is a user-friendly mobile application designed to support young adults transitioning to independent living. TUDU transforms everyday chores into a part of a well-being routine, offering both practicality and a visually appealing experience.

Project code
Behance

hush

3rd year 1st semester
**Course:** Cloud Services and Interfaces
Grade: 18/20
Tech Stack: Vue.js, Vuetify, Pinia, GraphQL, Mongoose, MongoDB, Apollo Server.
Role: Project Manager & Developer
Timestamp: Winter 2024

hush is an online plataform designed to help users track their sleep and mood. By analyzing sleep patterns and emotional well-being, hush provides insights and tips to improve rest and overall health.
